CAPITOL PRIMER

Primer for use with Capitol Powders

PRODUCT DESCRIPTION

Capitol Primer is a specialised water - based priming system for use with Capitol Powders. Capitol Primer is engineered to prevent air bubbles rising from subfloor, and dries to a clear film which inhibits water penetration.

FOR USE

When diluted with clean water, capitol Primer is applied to prepared internal surfaces prior to Capitol Powder products being installed. Suitable substrates include Standard Concrete, fibre cement, wall Sheeting, cement render, Sand/Cement Screeds, Gyprock and Dry/Plaster Surfaces.

SUBSTRATE

All substrates must be dry, porous, sound and free from dust, release agents, and other contaminants.

APPLICATION

Apply diluted Capitol Primer (refer to table) evenly using a bristle broom. Ensure there are no excess primer puddles on the surface. Do not use rollers, brushes, mops, or spray equipment to apply the mixed Capitol Primer. Allow to dry to a thin, clear film (min 3 hours, max 24 hours).

SUBSTRATE	DILUTION MIX RATIO (primer:water)
Porous concrete and sand/cement subfloors and ceilings	1:2
Very porous concrete lightweight AAC blocks and floors, surfaces. <i>Note: May require second coat - 1:1 second coat mix ratio</i>	1:3
Smooth concrete walls and ceilings for gypsum-bound finishing compounds	1:3

COVERAGE

1:2 mix ratio of diluted capitol Primer will cover 8m² - 10m², depending upon the absorbency of the subfloor.

STORAGE

Capitol Primer must be stored above 5°C and has a shelf life of 12 months when stored in the original unopened packaging, in a dry place at 23°C and 50% relative humidity.

SAFETY DATA

Additional information is in the Safety data sheet SDS at www.shopQEP.com.au

Wash off skin before drying takes place. Splashes in eyes, mouth or nose should be washed and thoroughly removed with clean fresh water immediately. Safety glasses recommended during use. Check with your local Council regarding the disposal of contents. Keep out of reach of children. Call the Poisons Information Centre on 131 126 (AUS) and 0800 764 766 (NZ) or call a doctor if you feel unwell.
